1. Our organisation

Our organisation

We are the Environment Agency. We protect and improve the environment. Acting to reduce the impacts of a changing climate on people and wildlife is at the heart of everything we do. We reduce the risks to people, properties and businesses from flooding and coastal erosion. We protect and improve the quality of water, making sure there is enough for people, businesses, agriculture and the environment. Our work helps to ensure people can enjoy the water environment through angling and navigation. We look after land quality, promote sustainable land management and help protect and enhance wildlife habitats. And we work closely with businesses to help them comply with environmental regulations. We can't do this alone. We work with government, local councils, businesses, civil society groups and communities to make our environment a better place for people and wildlife.

Of course, none of this will be possible without the professionalism and dedication of our staff. We are committed to promoting equality and diversity in all we do, and to valuing the diversity of our workforce, customers and communities.

We're committed to helping our people to find new ways of working and to maintain our focus on creating a better place for people and wildlife. For more information on the Environment Agency and what we do, please visit:

www.environment-agency.gov.uk/aboutus

2. Salary and benefits

Join us in this role and you will enjoy the following benefits:

Grade Rate: £27,138 (pro-rata)

Location: Riversmeet House, Industrial Estate, Tewkesbury GL20 8JG
Hafren House, Welshpool Road, Shrewsbury, SY3 8BB
Sapphire East, 550 Streetsbrook Road, Solihull, B91 1QT
Sentinel House, 9 Wellington Crescent, Fradley Park, Lichfield, WS13 8RR

Hours of work: 37 hours FTE, Fixed Term to 31st March 2019, with planned extension to total of 12 months

Leave entitlement: Your leave allowance in this role will be 25 days plus bank holidays (pro-rata - if part time or an assignment).

We offer up to two days paid environmental outcome days each year. These give you the opportunity to take part in community activities with a clear environmental outcome for people and wildlife.

Pension: We will enrol you into the Environment Agency Pension Fund (EAPF) on commencing employment, if your employment contract is for 3 months or more. The EAPF is part of the Local Government Pension Scheme (LGPS). It is a career average scheme, which means you will build up benefits based on your pay each scheme year rather than your final salary.

We will base your pension contributions on your actual pay and you will receive tax and national insurance relief on your contributions. The pension contribution rates currently range between 5.5% to 12.5%. Whilst you are in the scheme we will also pay an employer contribution into your pension pot. We currently pay 18.5%, so this is a very generous scheme.

2. Salary and benefits continued

Work/life balance:

We support flexible working hours and practices to help you strike a good balance between your work life and your personal life. We will also encourage you to keep developing your skills and professional knowledge throughout your career.

Diversity:

We are committed to diversity and inclusion. We aspire to be the best employer in the country for equality, diversity and inclusion (EDI) and want all our staff to feel valued and respected and to see this as a great place to work. From our EDI executive champions to our EDI employee networks, everyone has a part to play to embed equality, diversity and inclusion in our organisation. Diversity: it's in our nature.

3. The role

Role

To manage the delivery of low to medium risk multi-disciplinary projects within the constraints of agreed budget, programme and quality criteria, ensuring successful outcomes are achieved.

Principal accountabilities

1. Contribute to the development and delivery of the departmental business plan, providing professional / technical expertise to support operational priorities in line with legislation, Environment Agency policy and required environmental outcomes.
2. Guide, advise and support team members to resolve local issues and incidents, ensuring that decisions are made on sound technical grounds and in line with best practice and timeframes.
3. Monitor progress of work, identify gaps in the delivery of priorities and take remedial action to enhance the service and ensure appropriate reallocation of time and effort.
4. Produce required documentation and reports to agreed quality standards to support operational work, management decisions, public enquiries, court appeals etc., so that information, evidence and Environment Agency interests are accurately and effectively presented.
5. Contribute to the successful implementation of emergency plans, including acting as 'site controller' during incidents to ensure effective, timely and safe response to emergency incidents.
6. Participate in or lead local projects and working groups to achieve well planned and managed integrated solutions that progress effective change and improvement in the organisation and support the best environmental outcomes.
7. Develop and maintain a strong customer focus to ensure effective relationship building and partnership working to achieve environmental goals.

3. The role continued

8. Encourage and develop a safety conscious culture within the team to deliver work programmes without risk to the health & safety of the team or any other individual.

Knowledge/Qualifications

Educated to degree or equivalent in an engineering or environmental discipline or equivalent.

Professional membership of Institution of Chartered Engineers (ICE), Chartered Institution of Water and Environmental Management (CIWEM) or Royal Institution of Chartered Surveyors (RICS), or be committed to achieving this.

PRINCE 2 Foundation status or be willing to work towards it.

Skills/Abilities/Experience

Demonstrate exceptional communication skills in order to effectively ascertain your customers' needs and perceptions and balance stakeholder demands.

Experience of project management and contract management in order to successfully deliver a wide range of projects according to agreed outcomes.

You will be a champion of environmental and safety practices in the projects you deliver and you will also have the opportunity to participate in national initiatives to innovate and improve practices and procedures.

Driving licence ideally required as some driving may be necessary.

Occasional travel (regionally or nationally) and overnight stays may also form part your role.

4. Further information

The Environment Agency values a diverse workforce and welcomes applications from all sections of the community who wish to join a workforce which embraces difference and welcomes everyone.

We aim to create and maintain a diverse workforce (including our Board and Executives) that better reflects the UK's economically active population. Therefore, we particularly welcome applications from Black, Asian and Minority Ethnic (BAME), disabled, female and LGBT+ candidates who are under-represented across our workforce.

We will consider flexible working patterns for all our vacancies, including job share, so please include clearly any information regarding your preferred working arrangements on your application.

Salary: £27,138 (negotiable for exceptional candidates).

Base location: Shrewsbury, Tewkesbury, Lichfield or Solihull. Please note, in 2019 we will be moving from our Solihull office to central Birmingham.

Regular regional and occasional national travel is expected. A driving licence is required.

We have a strong incident management culture. The post-holder will be given training and be expected to have an active incident management role.

Our benefits include generous pension provision and leave entitlement. We support flexible working patterns, including job share. We also offer excellent training and development opportunities.

When providing evidence for competencies within your application, please give examples of how you have previously demonstrated these either inside or outside of work.

For further information please contact Beverley Brown on Beverley.Brown@environment-agency.gov.uk or 02030 252638.

Eligibility to apply and continuity of employment

Employment agency workers and contractors are considered to be external candidates and should therefore only apply for positions that are being advertised externally. They are also not eligible to claim continuity of employment should they be successful in securing a position with the Environment Agency.

If you have been a member of a Regional Flood and Coastal Committee in the last 12 months we will not be able to continue with your application based on agreed appointment rules related to employing ex-RFCC members. We would welcome an application from you once the 12 month period have passed.

Please note that Environment Agency employees are not civil servants so you may wish to check your eligibility for continuity of employment by contacting your HR department. All eligible bodies are listed in the Redundancy Payments (Continuity of Employment in Local Government etc.) (Modification) Order 1999

4. Further information continued

Pre-employment Checks

We apply the Baseline Personnel Security Standard (BPSS) check when recruiting staff to our posts. This includes a basic criminal records check.

For the great majority of roles in the Environment Agency this will be sufficient and only certain roles will require a higher level of clearance. Should this be necessary, you will be advised of this during the recruitment process.

Positions based at our London office or roles that require frequent travel to London require CTC level security clearance. This will be confirmed to you during the recruitment process.

To find out more about what it's like to work at the Environment Agency, please visit:
<https://www.gov.uk/government/organisations/environment-agency/about/recruitment>

5. How to apply

We use an online recruitment system. To make the application process simple and straightforward, and so that you know how it works and what we need from you, we've put together a few hints and tips. Make sure you have all the information you need about the vacancy. For some jobs, you'll be asked to download a candidate pack, like this one, where you'll find specific application instructions.

The first thing you need to do is sign up to our recruitment system. You will need a valid e-mail address to log in and apply for opportunities, as all communication from us will be via e-mail. You can do this via the vacancy you are interested in by selecting '**Apply**' at the bottom of the advert.

Once you've clicked this link you'll then be asked:

- Do you have the right to live and work in the UK?
- Do you have the required qualifications or equivalent experience, which were stated in the job advert?
- Are you currently an employee of this organisation?

Simply answer yes or no and you can carry on with your application. You'll then see the '**Register**' page. Simply complete the details and select '**Submit Registration**' and register to the system. You only need to sign up to the system once; you'll just be able to login next time.

When it comes to the actual application, you need to fill out each section, please be aware that the system will automatically time out if you are inactive for more than 60 minutes. This will result in any unsaved information being lost so make sure you save what you are doing regularly. Once you've finished, your details and information will be saved on the system for any future applications – of course, you can edit your details at any point.

5. How to apply continued

When you apply to the Environment Agency for a job we will ask you to provide your personal data on our application form. We need this information so that we can establish your identity and your right to work in the UK.

You can read our Data Protection Statement on the application process page of our recruitment system. It is also available for reference on each page of the actual application.

Competence Questions/Statement

We're keen to know what makes you right for the job you're applying for and why we should ask you in for an interview. The competence questions/statements are your chance to convince us!

You should demonstrate how your skills, qualities and experience meet the requirements of the job (as described in the job advert and candidate pack). And instead of simply telling us, show us: use real life examples of where you've used a certain skill or how you've practically applied your experience.

There's a 250 word limit per competence including spaces. It's a really important part of the selection process so make sure you keep your statement relevant and concise. Think about what we need to know about you and what you'd bring to the role and our organisation.

Application questions

For some roles, we'll ask you some specific questions, like if you have a preferred work location. If you're disabled and you'd like to be part of our Guaranteed Interview Scheme, you can add this information in here.

5. How to apply continued

Equality and Diversity

We're committed to reflecting the communities we serve and we'd like you to tell us about yourself and your background.

Submitting your application

Once you've filled out and completed everything, you'll be prompted to submit your application. Simply click the button and you're done.

Please be aware that once you've submitted your application, with the exception of the 'Personal Details' section you will not be able to edit your application further. If you decide to withdraw your application, you will not be able to submit another application for the same vacancy.

If, at any stage, you have questions or problems, please contact the recruitment team on 0845 602 6099 or email ea_recruitment@sscl.gse.gov.uk

Setting up 'job alerts'

If you have been unsuccessful with your application you can set up email alerts for future vacancies. You will automatically receive an email when a job that matches your criteria becomes available. To do this simply click on '**create a new job alert**', enter your job criteria and save.
