# 1. Our organisation

## Our organisation

We are the Environment Agency. We protect and improve the environment. Acting to reduce the impacts of a changing climate on people and wildlife is at the heart of everything we do. We reduce the risks to people, properties and businesses from flooding and coastal erosion. We protect and improve the quality of water, making sure there is enough for people, businesses, agriculture and the environment. Our work helps to ensure people can enjoy the water environment through angling and navigation. We look after land quality, promote sustainable land management and help protect and enhance wildlife habitats. And we work closely with businesses to help them comply with environmental regulations. We can't do this alone. We work with government, local councils, businesses, civil society groups and communities to make our environment a better place for people and wildlife.

Of course, none of this will be possible without the professionalism and dedication of our staff. We're committed to helping our people to find new ways of working and to maintain our focus on creating a better place for people and wildlife. For more information on the Environment Agency and what we do, please visit:

[www.environment-agency.gov.uk/aboutus](http://www.environment-agency.gov.uk/aboutus)

## 2. The role

### Role

You will be the technical leader in the IEP team for Marine issues and will provide specialist advice to working groups and local projects. You will also lead evidence delivery to senior managers and members of Area Leadership Team and provide solutions to complex issues. You will also contribute to the learning and development of environment planning officers in the team in line with local succession planning.

You'll contribute and provide direction on the work of the IEP team, by using data, intelligence, technical knowledge and judgement to identify actions to deliver environmental improvement.

You will secure delivery of actions by performing in an integrated and coordinated way by providing timely, technical evidence to plans, reports & other communications. You will also influence the amount of resource needed from internal delivery teams. This will involve building and maintaining sound, influential relationships with both internal & external customers / partners

### Principal accountabilities

- You will lead on prioritising delivery for Environment Management teams through evidence in line with National and Area priorities. You will work with the WR, WQ and RBMP technical leads; and support IEP team members in the delivery of WFD objectives & catchment planning.
- You will lead on providing evidence, data and information in a compelling way to shape the Area's business boards, Area Priorities and Area Plan.
- You will provide expert support to a number of internal catchment teams for example producing and reviewing action plans; oversight of our external partner's delivery of measures; liaising with the CPS data lead to feed information into CPS.
- You will work with the WR, WQ and WFD technical leads to provide technical evidence into Local Plans, high profile planning applications and work with Local Enterprise Partnerships through the Sustainable Places team.
- Plan, coordinate & track schemes in relation to Price Review process & manage local delivery of the WINEP / AMP & track process regularly through liaison with key partners. This will also involve developing & maintain a sound working relationship with the local water company(ies)

- Provide expert planning information & advice to inform decision making on marine issues.
- You will lead on protected areas for the team, specifically producing & reviewing action plans; oversight of our external partner's delivery of measures; liaising with the CPS data lead to feed information into CPS & reporting against applicable KPIs
- Manage relationships & engage with local stakeholders (both internal & external) with regard to protected areas & deliver messages / prioritisation around WFD programme of measures.
- You will be the focal point for contact in the IEP team for internal teams & external partners for tasks & issues relating to marine. You will proactively work closely with Land & Water teams to coordinate work & ensure delivery.
- You will proactively be involved with national working groups such as an operational technical leader group for marine & potentially be a member of the NRBMS' PR19 squad.

## **Knowledge/Qualifications**

Ideally you will have a degree in an environmental subject and experience in water quality or river basin planning, especially marine planning.

## **Skills/Abilities/Experience**

The successful candidate will have a good understanding of our business risks, legislative duties and environmental activities.

You will need to demonstrate the ability to convey detailed and technical concepts to the business and partners to achieve goals and aims.

You will be free thinking and able to characterise our marine environment, ensuring the area can prioritise activity appropriately.

You will provide support to the area in understanding the risks to and unlocking the potential of our coast and estuaries.

Be methodical and organised, challenging convention, delivering high quality work to defined deadlines.

You'll possess proven ability and/or knowledge in the following areas:

- Data and information management
- Communicates effectively
- Focuses on customers and partners
- Environmental Planning

### 3. Salary and benefits

Join us in this role and you will enjoy the following benefits:

<b>Grade Rate:</b>	£34,330
<b>Location:</b>	Manley House, Kestrel Way, Exeter EX2 7LQ Sir John Moore House, Victoria Square, Bodmin, Cornwall PL31 1EB
<b>Hours of work:</b>	37 hours, Permanent
<b>Leave entitlement:</b>	<p>Your leave allowance in this role will be 27 days plus bank holidays.</p> <p>We also offer up to two days paid environmental outcome days each year. These give you the opportunity to take part in community activities with a clear environmental outcome for people and wildlife.</p>
<b>Pension:</b>	<p>We will enrol you into the Environment Agency Pension Fund (EAPF) on commencing employment, if your employment contract is for 3 months or more. The EAPF is part of the Local Government Pension Scheme (LGPS). It is a career average scheme, which means you will build up benefits based on your pay each scheme year rather than your final salary.</p> <p>We will base your pension contributions on your actual pay and you will receive tax and national insurance relief on your contributions. The pension contribution rates currently range between 5.5% to 12.5%. Whilst you are in the scheme we will also pay an employer contribution into your pension pot. We currently pay 18.5%, so this is a very generous scheme.</p>
<b>Work/life balance:</b>	We support flexible working hours and practices to help you strike a good balance between your work life and your personal life. We will also encourage you to keep developing your skills and professional knowledge throughout your career.
<b>Diversity:</b>	<p>We are committed to diversity and inclusion. We want all our staff to feel valued and respected and to see this as a great place to work.</p> <p>Diversity: it's in our nature.</p>

## 4. Further information

Interviews will take place in Exeter on 15-16th January.

This post will be based at Exeter or Bodmin.

There will be occasional local and national travel for meetings.

Membership of a relevant professional body is desirable but not essential.

For further information please contact Stephen Russell on 020 3025 2499 or [stephen.russell@environment-agency.gov.uk](mailto:stephen.russell@environment-agency.gov.uk) / Dave Trewolla on 02084746239 or [dave.trewolla@environment-agency.gov.uk](mailto:dave.trewolla@environment-agency.gov.uk)

The Environment Agency values a diverse workforce and welcomes applications from all sections of the community who wish to join a workforce which embraces difference and welcomes everyone.

We particularly welcome applications from Black, Asian and Minority Ethnic (BAME) and female candidates who are under-represented across our workforce.

We welcome flexible working patterns for all our vacancies, including job share, so please include clearly any information regarding your preferred working arrangements on your application.

Please note that Environment Agency employees are not civil servants so you may wish to check your eligibility for continuity of employment by contacting your HR department. All eligible bodies are listed in the Redundancy Payments (Continuity of Employment in Local Government etc.) (Modification) Order 1999.

Employment agency workers and contractors are considered to be external candidates and should therefore only apply for positions that are being advertised externally. They are also not eligible to claim continuity of employment should they be successful in securing a position with the Environment Agency.

To find out more about what it's like to work at the Environment Agency, please visit: <https://www.gov.uk/government/organisations/environment-agency/about/recruitment>

Please note all successful applicants must undergo Baseline Personnel Security Standard (BPSS) checks prior to commencement of employment. This includes a basic criminal records check.

For the great majority of roles in the Environment Agency this will be sufficient and only certain roles will require a higher level of clearance. Should this be necessary, you will be advised of this during the recruitment process.

## 5. How to apply

We use an online recruitment system. To make the application process simple and straightforward, and so that you know how it works and what we need from you, we've put together a few hints and tips.

The first thing you need to do is sign up to our recruitment system. You will need a valid e-mail address to log in and apply for opportunities, as all communication from us will be via e-mail. You can do this via the vacancy you are interested in by selecting '**Apply**' at the bottom of the advert. (For some jobs, you'll be asked to download a candidate pack, like this one, where you'll find specific application instructions.) Once you've clicked this link you'll then be asked 'Do you have the right to live and work in the UK?', 'Do you have the required qualifications or equivalent experience, which were stated in the job advert?' and 'Are you currently an employee of this organisation?' Simply answer yes or no and you can carry on with your application. You'll then see the '**Register**' page. Simply complete the details and select '**Submit Registration**' and register to the system. You only need to sign up to the system once; you'll just be able to login next time.

When it comes to the actual application, you need to fill out each section, please be aware that the system will automatically time out if you are inactive for more than 60 minutes. This will result in any unsaved information being lost so make sure you save what you are doing regularly. Once you've finished, your details and information will be saved on the system for any future applications – of course, you can edit your details at any point.

When you apply to the Environment Agency for a job we will ask you to provide your personal data on our application form. We need this information so that we can establish your identity and your right to work in the UK.

You can read our Data Protection Statement on the application process page of our recruitment system. It is also available for reference on each page of the actual application.

### Competence Questions/Statement

We're keen to know what makes you right for the job you're applying for and why we should ask you in for an interview. The competence questions/statements are your chance to convince us! You should demonstrate how your skills, qualities and experience meet the requirements of the job (as described in the job advert and candidate pack). And instead of simply telling us, show us: use real life examples of where you've used a certain skill or how you've practically applied your experience.

There's a 250 word limit per competence including spaces. It's a really important part of the selection process so make sure you keep your statement relevant and concise. Think about what we need to know about you and what you'd bring to the role and our organisation.

## Application questions

For some roles, we'll ask you some specific questions, like if you have a preferred work location. If you're disabled and you'd like to be part of our Guaranteed Interview Scheme, you can add this information in here.

## Equality and Diversity

We're committed to reflecting the communities we serve and we'd like you to tell us about yourself and your background.

## Submitting your application

Once you've filled out and completed everything, you'll be prompted to submit your application. Simply click the button and you're done. If, at any stage, you have questions or problems, please contact the recruitment team on 0345 300 1861 or email [ea\\_recruitment@sscl.gse.gov.uk](mailto:ea_recruitment@sscl.gse.gov.uk)

If you have been unsuccessful with your application you can set up email alerts for future vacancies. You will automatically receive an email when a job that matches your criteria becomes available. To do this simply click on **'create a new job alert'**, enter your job criteria and save.
