5. How to apply

1. Our organisation

We are the Environment Agency. We protect and improve the environment. Acting to reduce the impacts of a changing climate on people and wildlife is at the heart of everything we do. We reduce the risks to people, properties and businesses from flooding and coastal erosion. We protect and improve the quality of water, making sure there is enough for people, businesses, agriculture and the environment. Our work helps to ensure people can enjoy the water environment through angling and navigation. We look after land quality, promote sustainable land management and help protect and enhance wildlife habitats. And we work closely with businesses to help them comply with environmental regulations. We can't do this alone. We work with government, local councils, businesses, civil society groups and communities to make our environment a better place for people and wildlife.

Of course, none of this will be possible without the professionalism and dedication of our staff. We are committed to promoting equality and diversity in all we do, and to valuing the diversity of our workforce, customers and communities.

We're committed to helping our people to find new ways of working and to maintain our focus on creating a better place for people and wildlife. For more information on the Environment Agency and what we do, please visit:

www.environment-agency.gov.uk/aboutus

2. Salary and benefits

Join us in this role and you will enjoy the following benefits:

Grade Rate: £27,572 (pro-rata - if part time or an assignment)

Location: Lincoln and Nottingham

Hours of work: 37 hours FTE, Permanent

Leave entitlement: Your leave allowance in this role will be 25 days plus bank holidays (pro-rata - if part time or an assignment).

We also offer up to two days paid environmental outcome days each year. These give you the opportunity to take part in community activities with a clear environmental outcome for people and wildlife.

Pension: We will enrol you into the Environment Agency Pension Fund (EAPF) on commencing employment, if your employment contract is for 3 months or more. The EAPF is part of the Local Government Pension Scheme (LGPS). It is a career average scheme, which means you will build up benefits based on your pay each scheme year rather than your final salary.

We will base your pension contributions on your actual pay and you will receive tax and national insurance relief on your contributions. The pension contribution rates currently range between 5.5% to 12.5%. Whilst you are in the scheme we will also pay an employer contribution into your pension pot. We currently pay 18.5%, so this is a very generous scheme.

2. Salary and benefits continued

Work/life balance:

We support flexible working hours and practices to help you strike a good balance between your work life and your personal life. We will also encourage you to keep developing your skills and professional knowledge throughout your career. Please see table at the end of this document explaining other benefits offered by the Environment Agency.

Diversity:

We are committed to diversity and inclusion. We aspire to be the best employer in the country for equality, diversity and inclusion (EDI) and want all our staff to feel valued and respected and to see this as a great place to work. From our EDI executive champions to our EDI employee networks, everyone has a part to play to embed equality, diversity and inclusion in our organisation. Diversity: it's in our nature.

Relocation:

If you need to relocate to take up this role, we might be able to offer financial help with this. This will depend on your circumstances, so if it's something you are interested in, please discuss it with us to find out what the options are.

3. The role

Are you passionate about your environment and making it better for communities and wildlife for generations to come...We are!!

The Environment Agency is a non-departmental public body, established in 1995 and sponsored by the United Kingdom government's Department for Environment, Food and Rural Affairs, with responsibilities relating to the protection and enhancement of the environment in England.

We are looking for an enthusiastic, knowledgeable person to work within the Water Quality Teams in this exciting new role where you will be working with internal and external partners. Whether you are applying for the first time, or you are an existing employee, then the Water Quality Officer role presents a unique opportunity to promote and help us maintain environmental performance, on both a local catchment level and by working on national portfolios.

You will be able to contribute and provide direction on the work of the Integrated Environment Planning (IEP) team, by using data, intelligence, technical knowledge and judgement to identify actions to deliver environmental improvement; to secure delivery of these actions by coordinating or providing technical input to plans, reports and other communications and negotiating resource from internal delivery teams; to build and maintain productive and influential relationships with external customers and partners; to lead and/or provide specialist advice to working groups and local projects; to provide specialist advice to senior managers and facilitate resolution of complex or contentious issues.

We are seeking an individual who has a passion for and understands rivers, lakes, groundwater and coastal waters and who has a desire to improve the quality of these environments. We are looking for an enthusiastic person who is willing to learn and develop their skills in order to help the wider team influence water quality planning for the future.

Principal accountabilities

- Contribute to the development and delivery of the departmental business plan, providing professional / technical expertise to support operational priorities in line with legislation, Environment Agency policy and required environmental outcomes.

- Guide, advise and support team members to resolve local issues and incidents, ensuring that decisions are made on sound technical grounds and in line with best practice and timeframes.
- Monitor progress of work, identify gaps in the delivery of priorities and take remedial action to enhance the service and ensure appropriate reallocation of time and effort.
- Identify and produce required documentation and reports to agreed quality standards to support operational work, management decisions, public enquiries and court appeals etc, so that information, evidence and Environment Agency interests are accurately and effectively presented.
- Participate in or lead local projects and working groups to achieve well planned and managed integrated solutions that progress effective change and improvement in the organisation and support the best environmental outcomes.
- Seek to influence customers and build strong partnerships internally and externally to maintain a positive reputation, response and effective resolution of issues.
- Encourage and develop a safety conscious culture within the team to deliver work programmes without risk to the health & safety of the team or any other individual.

Knowledge/Qualifications

Educated to degree level and with equivalent qualifications and experience.

Skills/Abilities/Experience

- Ability to demonstrate leadership in a specialist technical area.
- Experience of translating internal guidance and instructions into local delivery.
- Experience of using evidence and analysis to explore problems and propose effective and innovative solutions.
- Proven communication, influencing and networking skills.

- Ability to communicate effectively with colleagues, customers, partners and communities, including the ability to translate technical issues into non-technical language.
- Experience of prioritising and delivering work within a programme and project management framework.
- Evidence of working in cross-functional teams to achieve results for the benefit of both the specific function or project and the wider organisation.
- Able to coach and mentor others to increase experience and resilience within the environment planning community.

Testimonials

Jacqui Barnes, Senior Environment Planning Officer

Our enthusiastic and friendly teams provide water quality, water resources and catchment planning expertise for our Areas. We work with colleagues across the organisation and partners to use evidence to influence projects, programmes and performance to improve and protect our environment from source to sea. We offer an exciting place to get involved in interesting work programs, and develop your technical and personal skills

The successful candidate will have the opportunity to complete an Apprenticeship which is fully funded by the Environment Agency. This qualification leads to membership of the Chartered Management Institution. Candidates must not hold a previous similar qualification and must successfully complete the qualification in post.

The role will be primarily office based although some infrequent national travel may be required to attend meetings and training. Please contact the National Workforce Co-ordination Team (EANWC@environment-agency.gov.uk) for further information on this role.

4. Further Information

The Environment Agency values a diverse workforce and welcomes applications from all sections of the community who wish to join a workforce which embraces difference and welcomes everyone.

We aim to create and maintain a diverse workforce (including our Board and Executives) that better reflects the UK's economically active population. Therefore, we particularly welcome applications from Black, Asian and Minority Ethnic (BAME), disabled, female and LGBT+ candidates who are under-represented across our workforce.

We will consider flexible working patterns for all our vacancies, including job share, so please include clearly any information regarding your preferred working arrangements on your application.

Eligibility to apply and continuity of employment

Employment agency workers and contractors are considered to be external candidates and should therefore only apply for positions that are being advertised externally. They are also not eligible to claim continuity of employment should they be successful in securing a position with the Environment Agency.

If you have been a member of a Regional Flood and Coastal Committee in the last 12 months we will not be able to continue with your application based on agreed appointment rules related to employing ex-RFCC members. We would welcome an application from you once the 12 month period have passed.

For applicants who currently work in local government or other bodies listed in the Redundancy Payments (Continuity of Employment in Local Government etc.) (Modification) Order 1999, you may be eligible for continuous service for the purpose of calculating any future redundancy payment. In addition, if you can demonstrate that you have worked at the Environment Agency immediately before joining the Civil Service and are now being re-employed by the Environment Agency within a period of three years of leaving, you may also count your Civil Service employment for the purpose of calculating your service related entitlements as outlined above. If you are unsure of your status then you should contact your own HR Team.

4. Further Information

Pre-employment Checks

We apply the Baseline Personnel Security Standard (BPSS) check when recruiting staff to our posts. This includes a basic criminal records check.

For the great majority of roles in the Environment Agency this will be sufficient and only certain roles will require a higher level of clearance. Should this be necessary, you will be advised of this during the recruitment process.

Positions based at our London office or roles that require frequent travel to London require CTC level security clearance. This will be confirmed to you during the recruitment process.

Want to find out more?

To find out more about what it's like to work at the Environment Agency, please visit:
<https://www.gov.uk/government/organisations/environment-agency/about/recruitment>

5. How to apply

We use an online recruitment system. To make the application process simple and straightforward, and so that you know how it works and what we need from you, we've put together a few hints and tips. Make sure you have all the information you need about the vacancy. For some jobs, you'll be asked to download a candidate pack, like this one, where you'll find specific application instructions.

The first thing you need to do is sign up to our recruitment system. You will need a valid e-mail address to log in and apply for opportunities, as all communication from us will be via e-mail. You can do this via the vacancy you are interested in by selecting '**Apply**' at the bottom of the advert.

Once you've clicked this link you'll then be asked:

- Do you have the right to live and work in the UK?
- Do you have the required qualifications or equivalent experience, which were stated in the job advert?
- Are you currently an employee of this organisation?

Simply answer yes or no and you can carry on with your application. You'll then see the '**Register**' page. Simply complete the details and select '**Submit Registration**' and register to the system. You only need to sign up to the system once; you'll just be able to login next time.

When it comes to the actual application, you need to fill out each section, please be aware that the system will automatically time out if you are inactive for more than 60 minutes. This will result in any unsaved information being lost so make sure you save what you are doing regularly. Once you've finished, your details and information will be saved on the system for any future applications – of course, you can edit your details at any point.

5. How to apply continued

When you apply to the Environment Agency for a job we will ask you to provide your personal data on our application form. We need this information so that we can establish your identity and your right to work in the UK.

You can read our Data Protection Statement on the application process page of our recruitment system. It is also available for reference on each page of the actual application.

Competence Questions/Statement

We're keen to know what makes you right for the job you're applying for and why we should ask you in for an interview. The competence questions/statements are your chance to convince us!

You should demonstrate how your skills, qualities and experience meet the requirements of the job (as described in the job advert and candidate pack). And instead of simply telling us, show us: use real life examples of where you've used a certain skill or how you've practically applied your experience.

There's a 250 word limit per competence including spaces. It's a really important part of the selection process so make sure you keep your statement relevant and concise. Think about what we need to know about you and what you'd bring to the role and our organisation.

Application questions

For some roles, we'll ask you some specific questions, like if you have a preferred work location. If you're disabled and you'd like to be part of our Guaranteed Interview Scheme, you can add this information in here.

5. How to apply continued

Equality and Diversity

We're committed to reflecting the communities we serve and we'd like you to tell us about yourself and your background.

Submitting your application

Once you've filled out and completed everything, you'll be prompted to submit your application. Simply click the button and you're done.

Please be aware that once you've submitted your application, with the exception of the 'Personal Details' section you will not be able to edit your application further. If you decide to withdraw your application, you will not be able to submit another application for the same vacancy.

If, at any stage, you have questions or problems, please contact the recruitment team on 0845 241 5350 or email ea_recruitment@sscl.gse.gov.uk

Setting up 'job alerts'

If you have been unsuccessful with your application you can set up email alerts for future vacancies. You will automatically receive an email when a job that matches your criteria becomes available. To do this simply click on '**create a new job alert**', enter your job criteria and save.
